

PARENTING

THE INTERNET GENERATION

PORNOGRAPHY IS...

A PERVERSIVE PROBLEM

Pornography is a pervasive problem today for people of all ages, especially teens. However, many parents aren't sure how to protect their families, beyond using traditional internet filters.

In this presentation, Matt Fradd will offer parents a detailed look at the way pornography harms us and offer practical strategies that parents need to implement if they are to protect their children from the lies of an over-sexualized culture.

Matt Fradd is a Catholic apologist and chastity speaker. He works with the Internet-accountability company Covenant Eyes, to help protect families from online pornography and assist individuals in overcoming porn addiction.
